- Database: MySQL, MongoDB
- Languages: Python, Java, Javascript
- Unit testing: Jest

EDUCATION AND TRAINING:

Dr. Sudhir Chandra Sur Institute of Technology, Kolkata, West Bengal **Nov 2022 – June 2026**

• YGPA: 8.5/10.0 • Coursework: B.Tech in Computer Science and Engineering

Indus Valley World School, Kolkata, West Bengal(Class XII)

Apr 2021 – Apr 2022

• Percentage: 90.2% • Board: CBSE

Indus Valley World School, Kolkata, West Bengal(Class X)

Apr 2019 – Apr 2020

• Percentage: 93.8% • Board: CBSE

CERTIFICATIONS:

- Certification from Coursera for a course on data science
- Certification from Euphoria GenX for a course on MongoDB
- Certification from Coursera for a course on introduction to HTML5
- IBM SkillsBuild completion certificate: From Learner to Builder: Become an AI Agent Architect
- NPTEL certification on Ethical Hacking

PROJECTS:

- **Multi-player tic-tac-toe game (<https://github.com/ss225114/tic-tac-toe>):** Developed a multi-player Tic-Tac-Toe game using Socket.IO. Tools used included React.js, ExpressJS, Socket.IO.
- **Minesweeper (<https://github.com/ss225114/Minesweepwer>):** A board game developed using React.js. Tools used included React.js.
- **DMS (<https://github.com/ss225114/DMS>):** A document management software, where users can upload files, view files, delete files, and can also implement a hierarchical folder structure. Tools used included React.js, Java Spring Boot, MySQL.
- **Cureon (<https://github.com/ss225114/CUREON/tree/sohamsaha>):** Ongoing final year project of an AI-powered healthcare interface consisting of chatbot, doctor searching, and appointment scheduling facilities. Tools used include Flask, Langchain, React.js, ExpressJS, MongoDB, PineconeDB.

INTERPERSONAL AND LEADERSHIP SKILLS:

- **Soft skills:** Analytical and Critical thinking, Teamwork and Collaboration, Problem solving, Effective communication, Time management.
- **Leadership skills:** Decision making, Strategic thinking, Delegation, Conflict resolution, Adaptability.
